Paul Cunningham

Data Analyst Graduate

Clontarf, Ireland | +353 0894484096 | cunningham.paul89@gmail.com | github.com/Pcunningham89/

Profile

Analytical, detail-oriented Data Analyst graduate and student with a passion for transforming data into actionable insights. Completed a Diploma in Data Analytics for Business with foundation in Python, SQL, MS Excel and data visualisation including Tableau and Power BI. Skilled at data cleaning, exploratory analysis, visualization, and presenting data-driven solutions to solve real-world business problems. Looking to transition from an 8+ year successful career as a language teacher to data analytics, bringing expertise in analytical thinking, problem-solving, data storytelling and stakeholder communication. Eager to contribute to a data-driven team and grow within the analytics field. Brings a lot of energy to my roles, extremely dependable and has a can-do attitude.

Relevant Skills

- Programming and Databases: Python (Pandas, NumPy, Matplotlib, Seaborn), SQL
- Data Analysis and Visualisation: Tableau, Power BI, MS Excel
- Other skills learned: Statistics, Machine Learning
- Data Projects: Experience with end-to-end projects including data wrangling, exploratory analysis, and dashboard creation.
- Soft Skills: Strong communication, presentation, critical thinking, and problem-solving.
- Unique Strength: Background in teaching/education, translating complex data into easy-to understand insights.
